

# Update on Projects March 2023

*Wednesday, March 1, 2023*

Hola from Dominican Republic, where we are currently conducting the second of our in-country projects. You will be able to see exactly what we have accomplished in Peru, where we wrapped up a project at the beginning of February, in Dominican Republic, where we are currently working, and in Guatemala, where our electric project begins April 25.

We are resuming in person meetings for our annual gathering in May with much hope and anticipation that we may see many of your faces again, shake hands or offer hugs!

SAVE THE DATE of Saturday, May 27 for our 45th annual meeting. We wanted so much to make this year a celebratory year, but with the remnants of COVID still with us, we have postponed our big celebration for next year, with plans to "do it up big" .

Our semi-annual newsletter will give you more details of our meeting and we hope you will come to bid on our silent auction items that we have brought home from the Latin American countries.

As always, thanks for your support and we hope to see you in Guelph, in May!
